

**Department of Computer Science**  
**Class of 2021**

Dear Graduates of Computer Science:

Congratulations to the graduating Computer Science students of 2021. You have successfully completed our difficult and demanding program, made even harder by the disruptions brought on by the pandemic during the last eighteen months. On behalf of the CS faculty and staff, I would like to thank you for entrusting your college education to us and to wish you the best for your life and career after graduation.

We usually receive our graduates and their families at a reception in the Science Building. That is not possible this year, but we will have a Zoom ceremony starting at 12 noon on Thursday June 3<sup>rd</sup>, 2021. I hope to see you there.

Congratulations and best wishes for your future endeavors,

Dr. Alex Ryba,

Chair Computer Science Department Queens College
